Project Code

45DP104

Project Name

Portfolio website

Abstract

The Portfolio Website is a personal website designed to showcase my skills, projects, and services in web development. It features multiple sections, including an about page, services, portfolio, blog, and contact form. The website provides an interactive and responsive experience to visitors, helping potential clients and employers learn about my expertise.

Domain

Web Development

Technologies Used

HTML, CSS, JavaScript, Bootstrap

Tools Used

Git & GitHub, VS Code

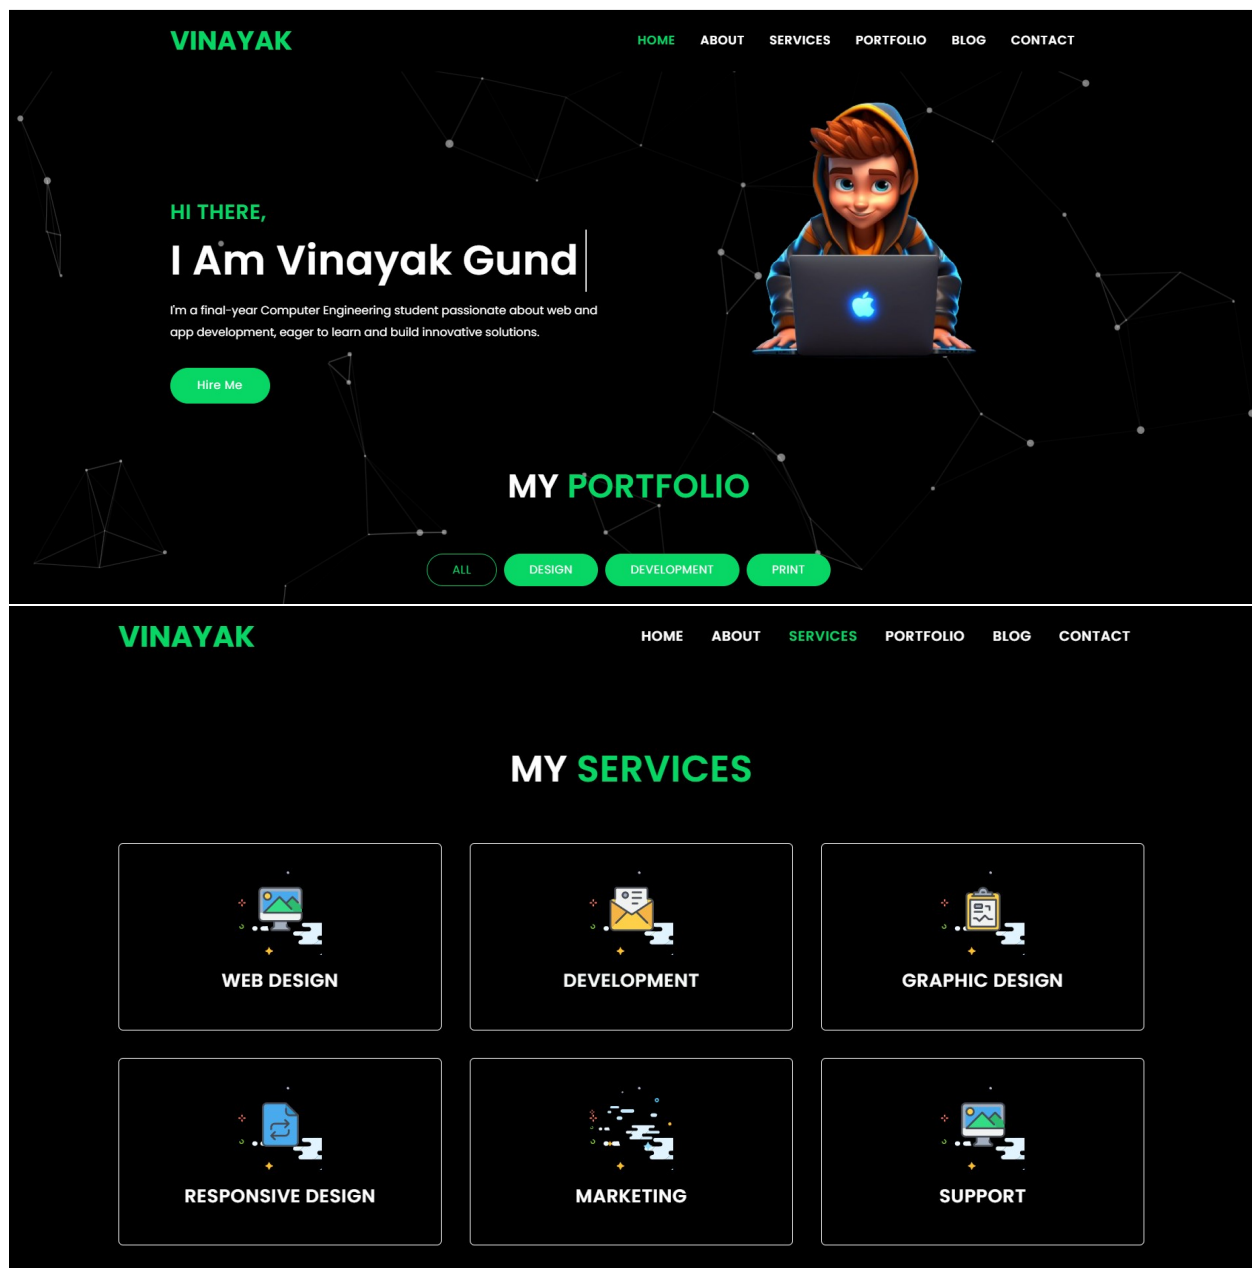

Project Link (if the project is hosted somewhere)

<https://github.com/gundvinu1/Portfolio->

Instructions to run the project

1. Open the GitHub repository link.
2. Download the ZIP file of the project.
3. Extract the ZIP file to a folder on your computer.
4. Open the extracted folder in VS Code.
5. Locate and open the `index.html` file.
6. Run the project by opening `index.html` in a web browser.
